

Where did the bee fly to? Did he **step** or **skip**?

The first one is done for you!

Activity 1: A sequence of 10 bees flying across a four-line grid. The first bee is on the top line, the second on the second line, the third on the third line, and the fourth on the bottom line. This pattern repeats for the remaining bees. The first bee is circled in green, and the word "STEP" is written below it.

Below the grid, there are four pairs of stick figures. Each pair consists of a red stick figure labeled "STEP" and a blue stick figure labeled "SKIP", separated by the word "OR". The first pair is circled in green.

Activity 2: A sequence of 10 bees flying across a four-line grid. The first bee is on the top line, the second on the second line, the third on the third line, and the fourth on the bottom line. This pattern repeats for the remaining bees.

Below the grid, there are four pairs of stick figures. Each pair consists of a red stick figure labeled "STEP" and a blue stick figure labeled "SKIP", separated by the word "OR".
